Rcollect that the Almighty, who gave the dog to be companion of our pleasures and our toils, hath invested him with a nature noble and incapable of deceit. Sir Walter Scott

Britain’s Last Dog?
This is Brenda, perhaps the last bitch in Britain. Brenda, recently discovered by a disused railway line in Londonistan, is old and sick but pregnant. The father of her litter is presumed exterminated. If Brenda gives birth to healthy female and male pups, they will be bred and puppies will be distributed through our networks and hidden in safe houses to keep British dogs alive until the Liberation.

**STOP PRESS EMERGENCY ALERT**

Special alert to resistance members in the east Londonistan area. The vans of the GPS (Genital Perfection Squad) have been spotted near Blackmosque by our resistance cell. Families with hidden daughters are advised to go under Special Measures and take them to maximum security safe houses until notified that the danger has passed.

**Women’s Day Protest at New Great Mosque**

A major victory for the resistance. On March 8th at the dedication of the New Great Mosque on the site of the former Wembley Stadium, a Jewish member of the underground Wembley Football Club rose up to denounce the regime. This fearless patriot had infiltrated the harem of the Imam, gaining access to the women’s prayer area in the grand balcony. Just as the Koran chapter was being recited, she rose up and cried, “Your days are numbered. We are everywhere and will never be defeated. God save Great Britain.” She managed to sing the first verse of the national anthem before being seized by security and taken away in a green, windowless van of the ISS (Islamic Security Service). The name of this martyr cannot be revealed due to the danger to her family who are surviving by living as Muslims, but her details have been recorded in our clandestine chronicles. The security breach has shaken the government and caused a purge of the Chief Imam’s household.
Mass Online Campaign

The Whitter Techno-Brigade in Luton (“We Whitter for Britain!”) reports the success of their mass hacking mission. Experts hacked into the website of the Council for Hajj and Umrah, enabling them to add a message to the February newsletter. The message read:

DON’T GO. ISLAM IS EVIL. THE RESISTANCE IS EVERYWHERE. JOIN US AND BE FREE.

“Never be intimidated by anyone.”

Rasul Mass Campaign

The RASUL (Resistance And Sabotage Until Liberation) campaign began in Rotherham, with local patriots using it as a recognition signal. Others started painting RASUL in red, white and blue paint on buildings and bus shelters. The campaign has spread as far as Manchester, where patriots are covering every traffic light and lamppost in the city with RASUL stickers.

Resistance in Telford

Patriotic medical staff in Telford are altering records in the hospital computer system to protect baby girls. Once mothers have gone home with their baby, the sex is changed on the record from female to male. The child can then be dressed as a boy and escape FGM and child marriage.
NATIONAL NEWS

Female Public Time Extended

The women and girls curfew has been reduced by one hour. Females are now allowed outside from 5:00am-10:00am. Speaking by satellite TV from behind a screen in her quarters, Minister for Women Yasmin bint Ali, better known as Umm Mamoud, said, “The government is pleased to announce the extension of female public hours, which will allow women and girls extra time for shopping and errands of mercy, while retaining the freedom granted to them by Muhammad, PBUH, to live out of the public eye.” She added, “The curfew is also applicable to female slaves.” The Badger warns all women readers to be careful when going outside. We have received reports of women being arrested for wearing lace mitts instead of gloves. Men using burqas for resistance work must also take extra precautions.

New Homosexual Purge in Westmosque

Another purge of Islamic National Party officials took place in Parliament Square, Westmosque, yesterday. 7 men were stripped of their gallibiyehs and turbans, taken to the top of the Main Minaret (“Big Mo”) of the Palace of Westmosque, and hurled to the pavements to the sound of cries from the muezzin and shouts of “Allahu akbar” from assembled party bigbeards. Despite the official anti-homosexual policy of the ruling INP party, inner circle party members continue to be denounced. Among the recent victims was Head of Special Branch, Muhammad ibn Haggis, grandson of the former SNP leader, who converted to Islam in 2040.

Man Jailed for Category C Pork Possession

The Badger has received an unconfirmed report that a man in Shariafield was arrested, tried, convicted and imprisoned in 5 minutes last week for possession of a bacon butty. According to our source, the man, whose identity is unknown, was caught during a random Stop and Search exercise near Shariafield Halal University. It is illegal to eat or possess any pork product. It is also forbidden to talk about pork in public or to own a copy of The Three Little Pigs. Government PC (Pork Compliance) officers have been heard terrorising citizens in Loughton with taunts of “I smell bacon.” (Information received from Anne Marie Waters Brigade, Essex)

Last month the Mayor of Londonistan tweeted, “No excuses: there is never a reason to carry a pork product of any kind. Anyone who does will be caught, and they will feel the full force of the law.” Networks of patriots are risking their lives to disseminate sausages throughout the former UK, but warn that illicit pig farmers risk their lives to preserve the tradition of the Full English.
New Re-education Camps in Faroes

The government ‘re-education’ camps in the Inner and Outer Hebrides, the Orkneys, the Isles of Scilly and the Shetlands are filled to capacity, requiring the creation of new camps in the Faroes, in collaboration with the Islamic State of Denmark. This is due to our unrelenting resistance to Islamic fascism. The Badger says, “WE WILL NEVER SURRENDER.” For patriots seeking family and friends who have been arrested:
Jewish prisoners are on the Isle of Man
Political prisoners sentenced to agricultural labour for life are in the Channel Islands

Mass Rally & Executions in Blackhall

This week Home Secretary Muhammad Xtra formally renamed Whitehall as Blackhall. Speaking to a crowd of thousands of black Muslims at the site of the destroyed Cenotaph, he said, “White people and their culture attempted the destruction of the world. This was halted by Islam, the religion of our Prophet, PBUH. But we can never rest until all vestiges of their barbaric culture have been eliminated. We must not falter or show weakness in the face of this evil.”

12 white Muslim volunteers were brought on the stage and beheaded before the cheering crowd. 12 black Christians, who had been imprisoned for five years, were given one last chance to convert. They refused and were executed. Please pray for our martyrs when you meet in your underground churches, synagogues and temples. Their names, and those of their executioners, have been recorded in our clandestine War Crimes chronicle.

WHAT’S HARAM NOW?

The major change this month is that all females from the age of 6 must be referred to as women. It is haram to call them girls because they are legally of marriageable age. The same legislation declares that rape is no longer recognised in law, being a liberal western concept, clearly incompatible with Islamic practice.
