Dear Sir/Madam,

I am writing in regards to food provision to pupils at your school.

Could you confirm to me whether or not halal meat is served, and in what quantities? What percentage of meat served at your school is halal, and what is the percentage of Muslim pupils?

It is well known that halal meat is being served to pupils in schools across the country, often without their parents' knowledge, and I am keen to know if this is the case at the school my son(s)/daughter(s) attend.

I would be grateful for your detailed response.

Yours faithfully,

Your name
